

## X-PAD 365

### One platform, endless services

Constant pressure to deliver excellent results, on time and within budget, is a reality for every surveying and construction professional. To succeed at the end of the day, some necessary conditions must be in place: transparency on project status and involved resources, efficient workflows, and well-designed emergency plans, because unexpected things happen. Perhaps most

importantly, you will need a skilled, motivated team with the right surveying and construction software platform to keep them connected and help them succeed. With X-PAD 365, the web-based GeoMax cloud platform, you can do all of this in one easy-to-use tool. Manage your data and assets anytime, anywhere, communicate in real-time and stay connected 365 days of the year.

## Connect to your data anytime, anywhere

Frustrated about not having the right data available when and where it is needed?

X-PAD 365 provides a File Manager giving you one place to store, share and edit your data. The File Manager is a bridge between office and field. Connect your company's X-PAD users, giving them access to the data they need anywhere, anytime, from any device.

## Upgrade your teamwork

Do you want to eliminate the lack of transparent communication in your team?

X-CHAT is an integrated group chat within X-PAD 365, X-PAD Ultimate and X-PAD Fusion. Share your survey and stakeout status, make quick and reliable decisions together, and support each other as a team.

## Cloud work makes the teamwork

Want to make missing points or double measurements a thing of the past?

The Collaborative Survey and Stakeout feature of X-PAD 365 allows you to work on the same surveying project, in real-time, to complete assigned tasks together.

## Stay current on all your products

Tired of managing loads of documents with product related information?

X-PAD 365 serves as an asset management tool where you can register all your equipment. Receive automatic notifications for your products, making sure you stay up-to-date on all the latest software releases, firmware updates and expiration dates.

## Keep growing

Want to become an expert?

X-PAD 365 gives you access to training materials, webinars and support documentation all in one place. Through our training materials, we provide you with the know-how you need.

## Trust in our safety net

Afraid of losing data and falling behind schedule?

X-PAD 365 is your safety net providing automatic and manual backups for your X-PAD Ultimate data and settings. In case your device gets stolen or damaged, your backup is always safe in the file manager and can be restored easily.
